

Terrie J. Rollins Professional Experience:

Terrie Rollins is a strategic executive with 30 years of practical experience in Technology Strategy, Transformation & Implementation, Knowledge Management, Collaboration Solutions, Governance & Strategy, IC Development & Dissemination, KM Consolidated Operations (ConOps), Development, National Information Exchange Model (NIEM) & Organization Change Management.

Terrie is currently a **Senior Associate with Booz Allen Hamilton** in the IT Defense Market. She is a lead in the Collaboration Solutions Practice and is responsible for design and deployment of KM Programs for DoD clients and supporting internal Knowledge Capture and Dissemination initiatives. Her previous position was **Chief Knowledge Officer; Federal Systems Division, Unisys Corp** where she deployed KM Programs and Collaborative Technology Solutions for public sector clients and enterprise wide initiatives. She co-led the enterprise launch of Microsoft Share Point which positioned Unisys to receive an award from CIO Magazine & Microsoft.

As a strategic technology executive, Terrie was selected as the **Chief Information Officer for Howrey LLP; the nation's top Intellectual Property and Anti Trust law firm** where she successfully deployed knowledge Management, Technology Transformation and Human Capital Management best practice methods, tools and techniques firm wide.

Terrie began her **Knowledge Management career focus in 1989 while working for GE Consulting Services** where she designed JAD KnowledgeWare Systems, Computer Aided Software Engineering, Information Knowledge Engineering and Technology Strategies for public sector and commercial clients. In **1993, Terrie joined Accenture as Senior manager (Andersen Consulting) and was selected as the West Coast Practice Lead, Knowledge Management IT Reengineering Practice.** Terrie led the successful design and deployment of Knowledge Management and Collaboration Solutions for commercial clients. As the West Coast KM Lead, Terrie successfully deployed the firms KM Program to facilitate collaboration and knowledge sharing by the firm's delivery personnel. **Terrie is currently co-authoring an upcoming book titled: Knowledge Management: A Paradigm Shift for the 21st Century & a white paper titled "KM Recommendations for the New Administration".**
